Farmers! Don't Miss This Demonstration and Picture on Fertilizing

A public meeting of farmers is being arranged to be held in the Gleichen Community Hall, on Monday, February, 8th, at 2 p. m. The meeting is sponsored by the Consolidated Mining and Smelting Company of Canada which will be represented by some of their experts and officials. Moving pictures and slides will be shown exhibiting the wonderful results accomplished by use of chemical fertilizers on prairie soils. Ammonium phosphate triple superphosphate and sulphate are fertilizers which are being used and whose influences on crop returns, earlier maturity and more even ripening is well displayed in the most striking differences shown on the screen. It is anticipated that these fertilizers are going to be used extensively in Western Canada and it is expected that a large attendance will be present when this most vital question of dollars and cents will be discussed.

An arrangement has also been developed which makes it possible that an ordinary drill may be equipped to sow the commercial fertilizer at the same time as the seed. The meeting will be open to the public and free to everyone.

P.-T.A. To Meet on Monday Night

The P.-T.A. will meet in the Arrowwood School on Monday evening, February 8th, at 8.30 o'clock.

Following is the program for the evening:

Number by the School.
Paper by Mrs. M. H. Ward.
An Article from the P.-T.A. Magazine.
"Child Psychology" by Mrs. Weins.
Dance Number by Miss McLeod.
Round Table Discussion of School Matters led by Mr. Johnston.

Eight Cylinder Motors Likely For New Fords

The 1932 Ford models will be equipped with eight cylinder motors, according to E. A. McCullough, managing director of MacIn Motors, Ltd., Calgary dealers.

Questioned in regard to rumors to this effect, Mr. McCullough said that, in his belief, they were correct.

"Of course, no official announcement has been made," he said. "However we expect that definite word will be forthcoming soon. We believe that the standard car will have an eight cylinder motor, but customers who prefer the economy of four cylinder motors will have the right to have this type installed in the chassis."

Mr. McCullough discounted a rumor that Ford intended to place "bantam" cars on the Canadian and American markets.

Postponed Meeting of Purchasing Pool to be Held Feb. 6

The postponed annual meeting of the U. F. A. Purchasing Pools, No's 1 and 2, will be held in Phillips' Hall on Sat. Feb. 6th, at 2 p. m. sharp. At the conclusion of the Pool meeting the Arrowwood U. F. A. will hold their annual meeting, and the report of the convention will be given by the delegate, Mr. M. H. Ward. Everybody welcome.

School Notes

The Annual High School Concert is well on the way of preparation; one-half hour being used for practice. This half-hour is made up by using both recesses for study and the last half-hour in the day for the practice. Thus no time is being wasted in school in its preparation.

The Concert, in keeping pace with the times, is bigger and better than ever. The program under the direction of Miss Ruby Ward contains a delightful variety of farces, comedies dances and songs.

Watch our ad next week for our features and prices.

Florence Holland wants to know that if the Prince of Wales were to get red in the face, would it be a Royal flush. It probably depends on what kind of a Queen he has with him.

Clarence: Every time I kiss you it makes me a better man.
Irene: Well you don't have to try and get to heaven in one night.

Kathleen Thompson	88.7
Myrna Lord	88.2
Vivian Brubaker	82.7
Gladys Leonard	81.1

(Continued on page 3)

Around the Tee

At a recent meeting of the Arrowwood Curling Club, it was decided to abandon the Square Draw, which was commenced in the beginning of the season and a reorganization of the rinks took place, with the holding of an election for skips with the drawing for choice of men, etc.

Mr. Hales, the Secretary of the Club, demonstrated a plan of competition which was unanimously accepted and which has aroused a new interest in curling here.

There were three out of town rinks left intact, the two Queenstown rinks and C McIrvine's rink and in the new schedule there are only two ladies' rinks, Mrs. Saunderson and Mrs. Hales.

The following is a list of the skips, with their rink personnel: J. Mackie, Jr., Phillips, Schultz, Chester Beagle.

R. L. Culp, Smith, O. Larsen, W. McKinley.

J. Beagle, R. Brubaker, M. Eshom, Stuart Beagle.

R. G. Bell, Dr. E. J. Liesemer, Dahl, Harold Eshom.

Jack Beagle, W. Brubaker, L. Larsen, Melvin Bowman.

Fred Miller, Board, Terichow, McHugh.

Hesketh, Johnston, Parnell, Eddie Lewendon.

Moir, McLeod, Cochran, Vancil.

Lewendon, E. B. McKinley Bowman, Vladimir.

J. Mackie, Sr., McCullough, Ross, Jack Clark.

McIrvine, E. Brubaker, T. Williams, R. Fonger.

Hales, D. Duncan, C. L. Archambault, Pittman.

Saunders, Taylor, E. Archambault, Donald Bowman.

Chrestenson, Mason, Burger, F. E. Bell.

The new schedule consists of four groups, each group playing a square draw among themselves and the rink that wins the most games of each group enters the semi-finals, the same as in a bonspiel. There being two semi-final games, the winners play the final.

This schedule can be played in thirty-five games unless there should be a tie which

W. I. Meets at the Home of Mrs. Kerr

Mrs. H. Kerr was hostess to the W.I. in their regular monthly meeting on Tuesday Feb. 2nd. Routine business occupied its usual place on the program. A Bridge and Whist Drive was arranged for Friday evening at the Hotel.

Through the efforts of the "Made in Alberta Exhibit" committee, prize money amounting to \$5.00 was secured from the Alberta Development Board for essays on "Why we should use Alberta made goods." It was voted to turn this sum over to the School Fair as a special prize.

Mrs. Norman Cary was appointed publicity director for our Institute for this year.

Some relief work is being done by special committees. Mrs. F. E. Bell assisted the hostess during the tea hour. After tea, the hostess, Mrs. Kerr, who is leaving soon for residence in Calgary was presented with a fruit bowl, by Mrs. McCollman on behalf of the Institute. The March meeting will be at the home of Mrs. Bishop.

might result in extra games.

The new schedule got away to a good start last Monday and there is a good deal of speculation as to the rinks that will reach the semi-finals.

Annual Meeting of Arrowwood Ratepayers

E. Lewendon Returned as Councillor
by Acclamation.

The annual meeting of the Arrowwood ratepayers was held in the Ingraham building on Monday evening. At 7.00 o'clock the Secretary, acting as Returning Officer, opened the meeting by calling for nominations for a chairman, with the result that Mr. J. P. Beagle was elected to the chair.

After a few remarks the Chairman asked that the Auditor's Financial Statement for the past year be read by the Secretary, T. S. Board after which a discussion took place and on a motion moved by D. J. Beagle, the report was accepted as read.

J. Mackie, Jr., brought up the question of fire protection and suggested a re-organization of the fire-brigade. This was approved by the meeting. The Mayor promised that this would have his attention as soon as possible.

At 8 o'clock the meeting was thrown open for nominations for councillor and E. Lewendon was nominated by A. C. Henry and A. Anderson. This being the only nomination, Mr. Lewendon was declared re-elected for another three-year term.

Mr. N. Nissen then complimented the Council on the able manner in which they had conducted the municipal affairs of Arrowwood during the past year.

The general feeling of the meeting was to keep expenses as low as possible throughout the coming year.

Buffalo Hill News

A card party was held at Mr. and Mrs. Claude Broderick's Tuesday night, Feb. 2nd. The proceeds to go towards the Buffalo Hill Hockey Team Equipment. Six tables of whist were played. After cards and supper, dancing was enjoyed until about two o'clock.

The Berrywater U. F. W. A. will hold a card party at Mrs. Wilson Oldfield's residence on Tuesday, February 9th.

Eric Prior, is still in the Vulcan Hospital and is progressing as well as can be expected.

Mr. and Mrs. Jennejohn entertained Mr. and Mrs. D. Munsey and Mr. A. E. Starling on Friday night. Cards and dancing were the order of the evening.

Valentine Masquerade Dance at Shouldice

The Shouldice Community Club are preparing an extra treat for their dance patrons on Friday, Feb. 12th, when they are putting on a Valentine Masquerade dance. A four-piece orchestra will provide the music. Usual refreshments and admission fee.

Appoint New Heads to C.P.R. Departments

Canadian Pacific Railway Telegraphs Department has with the New Year changed in name to the Department of Communications having supervision over the telegraph, telephone and radio broadcasting services of the railway. To the head of the new department Mr. W. D. Neil is appointed as general manager, vice Mr. John McMillan, retired.

W. D. Neil

Mr. Neil joined the service of the Canadian Pacific Railway as an operator at Calgary in 1905, thus rising from the ranks to the highest post in the gift of his department. His first ten years of service were spent in the West and in 1915 he came as superintendent of traffic to Montreal. In 1922 he became assistant manager eastern

lines and in 1924 assistant manager western lines. Since 1930 he was assistant general manager of the department and now is promoted chief.

Mr. McMillan became a construction lineman with the Canadian Pacific in 1883 and passed through various grades of promotion in the West until March 1915 when he was promoted manager of Telegraphs at Montreal. He has been general manager, Canadian Pacific Telegraphs since 1921 from which position he now retires.

Mr. Goodfellow started with the Canadian Pacific as an operator in 1899 at Vancouver and has been in the West during all his service except for a year in Montreal as traffic superintendent. He had been in Vancouver as super-

T. Fawcett

intendent of Telegraphs since 1930 and is promoted from that position to his present post at Montreal.

Mr. Fawcett entered the company's service in 1905 as clerk in the vice-president's office at Winnipeg. Passing through various positions always in the West he became general storekeeper western lines with office at Winnipeg in 1917 from which he is now promoted general store-keeper of the whole Canadian Pacific system with headquarters at Montreal.

Mr. Goodchild had already a record of work with British commercial firms in London, England and with the Grand Trunk in Canada before he joined the Canadian Pacific Railway as a clerk in the Comptroller's office at Montreal in 1888. By October 1899 he had risen to the position of assistant auditor of disbursements. Similar auditor's appointments followed in 1901 and 1904 until in 1913 he became general store-keeper, eastern lines, from which post he now retires.

What of Shanghai?

The Stoics loved a paradox—possibly because life is so full of them. And they appear on such an enormous scale. In Geneva national representatives are discussing disarmament and on the other side of the world Japan has been bombarding international quarters at Shanghai. Conflicting reports have come over the air and through the press. With France and Japan on one side confronted by United States and Great Britain on the other, we can expect anything. And how will it be received?

If ever a boy bore the features of his father so that the neighbors must needs say, "a chip off the old block," the progeny of the Great War are equally recognizable. Of course under present conditions we cannot help but think of war. But at the time the conversation had nothing to do with military matters. Nevertheless at the mention of a name, one who had been intimately connected with the hostilities of 1914-18 dropped altogether the thread of conversation and remarked "He had five boys and isn't it queer not one of them enlisted." In a gracious nature even the word "queer" could not conceal the idea that military service is the first demand on youth nor hide the fact that thirteen years had failed to erase the impression that the family had not done its duty.

Later that same day another veteran expressed the faint hope that the Shanghai affair might develop into a war. And the reason given was Uncle Sam—again illustrating the fact that even among our own, war animosities are hard to forgive.

Still a third element entered. It was suggested that no government in Great Britain could last three months that would declare war under the present condition. May it be true. And, if it is, then our period of depression, in an hour of trial, has brought one of the greatest boons that ever came to our Empire. Yes, there are many things worse than a financial depression and war is one of them.

UNUS SOLUS

Grain yields ranging from 38 to 70 bushels to the acre are reported in Northern Alberta, according to information reaching the Agricultural Department of the Canadian Pacific Railway.

A tree-planting plan on a large scale to extend over a ten-year period has been inaugurated in Saskatchewan. It will embrace the whole treeless part of the province and is to be started at once.

Establishing a new record for quick delivery, a shipment handled by the Canadian Pacific Express Company went from Southampton to Vancouver in nine days. It came over on the Empress of Britain to Quebec in less than five days.

GRANT FLEMING, M.D., ASSOCIATE SECRETARY

Arteriosclerosis

With the approach of old age changes in the arteries are to be expected on account of their constant use over a period of years. The change which we know as arteriosclerosis, or hardening of the arteries means that the walls of the arteries have become thick and inelastic.

When this change occurs in middle life, we have what may be called premature old age, for it has been said with truth that a man is as old as his arteries. The change in the arteries is generally associated with changes in other parts which may be either the cause or the result of the altered condition of the arteries.

Hardening of the arteries follows poisoning of the body. Alcohol and lead are systematic poisons. Another form of poisoning is by the toxins given off by germs which are present in the body. The toxins may come from a focus of infection, such as diseased teeth, or they may be the toxins given off by the germs of syphilis or some acute infection.

Overwork of some part of the body leads to an early wearing out of the body machine, and

this may mean early hardening of the arteries. Perhaps the most usual way in which the body is made to overwork is through overeating. Another cause is living at high pressure under mental strain.

It is evident that if we wish to keep our arteries young, which means elastic, it is necessary for us to live a life of moderation. Discretion in eating and drinking attention to the simple rules of healthy living, have their reward in more years of health, more years in which to enjoy life to work and to play. This is better than trying to crowd a whole life into a few years, than to spend the remainder of life handicapped by a prematurely worn-out body.

Those individuals in whom the condition has developed must face the situation; they must adjust their lives to meet new conditions. If they do so, they can enjoy a life of restricted activity.

Life for such individuals must be quiet, well regulated and without indulgence to excess in food or drink. Excesses of any kind, whether physical exertion, mental worry, anger or excitement, must be avoided.

The prevention of hardening of the arteries lies in a hygienic life, the avoidance of excesses, reasonable diet, and the early treatment of any infectious condition. The body cannot suffer abuse today and have it made up by extra care tomorrow. Abuse leaves permanent scars which lead to an early wearing out, or premature old age.

Telephone operator: "It costs seventy-five cents to talk to Pottsville."

Salesman: "Can't you make me a special rate for just listening? I want to call my wife."

Revised Skating Schedule

All school children under 10 years of age to be off the ice at 8 p.m.

All school children any age to be off the ice at 9 p.m.

MONDAY.

Childrens skating—3.30 to 5 p.m.

Children 10 yrs. and over 7 to 9 p.m.

Senior hockey practice—9-10 p.m.

TUESDAY.

General Skating—8 to 10 p.m.

School children—8 to 9 p.m.

Senior hockey practise—7 to 8 p.m.

WEDNESDAY.

Midget hockey practise—3.30 to 5 p.m.

General Skating—7 to 10 p.m.

School Children—7 to 9 p.m.

School children under 10 yrs. 7 to 8 p.m.

THURSDAY.

Senior hockey practice—9 to 10 p.m.

Adult skating only—7 to 9 p.m.

FRIDAY.

Children—3.30 to 5 p.m.

Senior hockey practise—7 to 8 p.m.

Public skating—8 to 10 p.m.

SATURDAY.

Junior hockey—10 a. m. to 11.45 a. m.

School children—7 to 9 p.m.

Children under 10 yrs.—7 to 8 p.m.

Public Skating—7 to 11 p.m.

SUNDAY.

Public skating—2 p. m. to 5 p.m.

There will be no skating before senior hockey games.

WARNING

Any unruly conduct on rink premises will be penalized by offenders not being allowed on the ice. Length of time to be determined according to the offence.

Cigarette Habit Among Children

The Prevalence of cigarette smoking is on the increase among public school students, the Public School Principals' Association of Calgary reports after a careful survey of the entire school system. The principals' association is not

a body given to alarmist views and its conclusions may be accepted as highly accurate. When it states that "a survey has revealed a very serious condition of the developed and developing cigarette habit among juvenile boys, and in cases including girls," it is time that parents of school children took more than a passing interest in the matter.

The association suggests that more time be devoted to instruction during hygiene classes on the very injurious effort of tobacco on growing boys and girls and that public opinion be aroused against the illicit practice of selling cigarettes to juveniles. The city police have assured the association of their co-operation in this matter.

More important still is the conclusion of the principals that it is "next to futile to attempt any betterment of the conditions without the sympathetic and concerted action of parents and teachers alike." Surely no parent is unaware of the stultifying effect of tobacco on youngsters. Obviously the teacher cannot do the whole work of correction. Indeed it doubtful if the use of cigarettes by public school students is prevalent during school recess periods. The habit is not contracted at school where supervision is extremely careful, but in the student's leisure hours. There is where the influence of the parent can be brought to bear. If the evil is not then checked it will be largely the

parent's fault. The teachers are doing everything in their power to advance their pupils, morally mentally and physically. Prevention in this case, like charity, begins at home.—The Calgary Herald

Care and Culture of House Plants

Experimental Farms Note

Our homes, especially during the winter months are much too hot and dry for most plants. High temperatures combined with too little sunshine, produce weak, spindly growth and under such conditions flowering plants often drop their buds. As the home can only be modified to a very slight extent plants must be chosen that can adjust themselves to environment. Many failures to grow plants successfully are due to: faulty drainage, careless watering and insect injury.

Soil—Sods and barnyard manure composted and allowed to rot make splendid soil for plants. To this be added a small amount of rotted leaves or other organic material. When potting ferns add a larger amount of leaf mould.

Potting—The best time to shift house plants is in early spring. Plants rarely need repotting during the winter months. Do not over pot. Flowering plants need to be root-bound to flower freely. When potting make sure drainage is provided. A piece of inverted crock over the drainage hole with a small amount of broken crock, gravel or cinders is excellent. Cans or other utensils in place of pots are not recommended, but when used should have an outlet for water at least a half in. in the bottom. When repotting it is well to remove a portion of the old soil and roots. Plants or cuttings should be set firmly, care being taken that the roots are not injured. When completed, the soil should be one-half inch below the pot rim.

Watering—After potting, the plant should receive a liberal watering and then no water until needed. Blooming plants require more water than slower growing plants, such as palms. With little experience one can tell when plants really require water. The appearance of the plant is, of course, a good indication of its requirements. A method commonly followed is to tap the pot with the knuckles; if it has plenty of water the sound is dull, if it is dry the pot will ring. Occasional syringing is beneficial, especially for ferns and other foliage plants.

Jardiniers—if properly used they are a source of added beauty to our plants, but ordinarily cause great injury. This injury results from stagnant water collecting in the bowl causing what is termed "wet feet." This may be overcome by placing a few inches of gravel or an inverted saucer in the bottom for the pot to rest on.

Insects—Red spiders thrive under house conditions and are hard to overcome. At the Experimental Station at Charlottetown, good results were obtained by dusting carefully with flowers of sulphur. Sucking insects are controlled with nicotine sulphate, one ten spoonful to one gallon of water; biting insects with a table spoonful of arsenate of lead to

the same amount of water. Scale insects on ferns may be controlled by miscible oils now on the market.

Hockey Notes

Red Cross and Arrowwood played a draw game 1-1 at the local rink Saturday evening.

The hockey game at Arrowwood Wednesday evening between Langdon and Arrowwood resulted in a tie 1-1.

The Arrowwood Hockey team surprised many an ardent hockey fan by holding the gunners of Gleichen to a 5-5 draw last Friday at Gleichen.

C. G. I. T. Notes

The C. G. I. T. girls wish to thank all those who have contributed towards their campaign fund. This campaign closes on the 15th, and other donations will be gratefully received.

Mrs. H. Brown was hostess to the members of the C. G. I. T. and their friends on Friday evening of last week. The evening was spent in games and contests. After a delicious lunch had been served, the young people left for their homes fully convinced that they had spent a most enjoyable evening.

Pots and Pans

Pots and pans, kettles and cans, They used to be loaded in peddlars' vans,
And driven over the country side
Past blossoming meadows' acre wide,
Where bees were humming and gay birds sang,
And "clinkety-clank" the cow bells rang.
In the shady hollows was grass, dew wet;
High overhead the branches met.
On the worn, brown ruts of the country roads
Were friendly farmers a-top their loads,
Who stopped to chat on the busiest day
Whenever the peddler passed that way.

Rosy matrons forgot their cares
As they bartered for some of the pedlar's wares;
But nobody now has time to wait
And chaffer over a wicket gate
For the shining, clattering, clashing load
That the pedlar carried along the road.

Here and There

Hockey sticks to the number of 574,414, valued at \$177,689, or an average of 30 cents apiece, were made in Canada in 1936. Tennis rackets in the same year numbered 83,245 with a value of \$234,503.

The population of Canada, according to last year's census, is 10,353,778, an increase in 10 years of 1,565,829, or 17.52 per cent. The largest provincial population is in Ontario with 3,426,488. Saskatchewan, Alberta and Manitoba rank third, fourth and fifth.

A new rose has been produced at the Canadian Government Central Experimental Farm, Ottawa, hardy enough to withstand the climate at Ottawa without protection. It is a pale pink, blooming until the middle of June.

Brigadier-General H. F. Macdonald, of Vancouver, officially opened the Banff Winter Carnival Toboggan Slide, December 28. The General, Mrs. Macdonald, and their small daughter Mary made the official opening mile-a-minute run down the slide.

The biggest moose of the 1931 season in New Brunswick, with an antler spread of 56 inches, fell to the gun of Andrew Porter, Philadelphia sportsman. There had been three moose shot this year in New Brunswick, prior to this trophy, with spreads of 54 inches.

The Eastern International Dog Sled Derby will be held at Quebec February 22, 23 and 24. It is announced officially. Closing this, among the most colorful winter sport events of the season throughout Canada, the Dog Derby, Costume Ball will take place at the Chateau Frontenac, Quebec, Wednesday evening, February 24.

The Oxford and Cambridge teams of skiers from the Old Country picked Canada and the Laurentians this year as the scene of their exploits, in place of Switzerland during the Christmas-New Year vacation, as part of the all-British programme of spending within the Empire. They had enough snow at Christmas to justify their venture and the success of the trip was placed beyond doubt by the heavy snowfall of January 2.

Creation of a Department of Communications, Canadian Pacific Railway, having supervision over the railway's telegraph, telephone and radio broadcasting services and taking the place of the former Canadian Pacific Railway Telegraphs, became effective January 1. W. D. Neil was appointed general manager of the new department, vice John McMillan, retired general manager of the Telegraphs Department. His assistant general manager is E. H. Goodfellow, who succeeds J. Mitchell, retired.

With the retirement of J. C. S. Bennett, official photographer of the Canadian Pacific Railway, thirty years of a colorful and much travelled career closed, January 1. Mr. Bennett during his Canadian Pacific experience and in the 18 years that preceded it, took upwards of 40,000 photographs, providing a striking record of the growth and development of Canada.

The high reputation of Canada for the pacific settlement of disputes with foreign powers is an example that exerts considerable influence in the councils of the League of Nations and indicates that the Dominion should play an important part in the coming disarmament conference at London, says Colonel David Carnegie, C. B. E., noted lecturer on the promotion of peace, who recently sailed for Great Britain aboard the Duchess of Richmond.

Beginning their first Canadian tour, the ski teams of the Universities of Oxford and Cambridge, arriving at Halifax by Canadian Pacific steamship Montcalm, went on via Montreal to Lucerne in Quebec and from thence went to Ste. Marguerite in the Laurentians where they will contest against each other and with Canadian universities. The teams were welcomed at the Windsor station, Montreal by Lord Duncannon, son of the Governor-General, himself an undergraduate of Cambridge University.

Montreal, Windsor station First Aid Police team are the 1931 Canadian Pacific All-Lines champions having defeated the western champions of Nelson, B.C., by 13½ points in the finals recently decided. The Police team have won every First Aid competition in Canada possible for a police team to win, including the Quebec Provincial Championship, the Shaughnessy Shield, representing the championship of Eastern Canada and the Sherwood Shield emblematic of the police championship of Canada.

WELL SUPPORTED

Whatever is attempted in the way of entertainment or sport, in Arrowwood, is always supported loyally, by citizens of the town and district alike, which should be a good criterion to the business men of Arrowwood to make our fair city the leading metropolis of The Valley—Let's go!

There is considerable work that will have to be done on your tractor and machinery before spring rush starts. When your rush starts, ours starts too.

Why not bring your cylinder heads, and repair jobs in now and let us fix them up for you. We can do a better and more satisfactory job when it does not have to be rushed through. Our prices are considerably below the flat rates. No one appreciates the benefits of reduced prices at these times more than we do, but at the same time we are asking your co-operation by bringing us the work early thus giving us a chance to give you "better service"

when you need them with out additional expense.

OUR SERVICE IS YOURS FOR THE ASKING

Jokes and good stories are those that we laugh at but occasionally the editor creates humor unintentionally by mis-setting type, this one coming from the "Logan Ohio Republican"

George Grant is the proud possessor of a new sedan and also a new wife, having traded in the old for which he received a liberal allowance.

A "Viking" grain cleaner to clean your seed wheat. It is a fanning mill, a wild oat separator, and grain grader, three mills all in one. It saves only the best for the seed drill and leaves the rest for feed and market,
